On Oct. 2, 1992, Chris Cahnovsky and I made an inspection at the Sauget Warehouse to check on the progress of tire removal by Mr. Rich Lange.

It appears that approximately 500 more tires have been removed since the last inspection. The area designated as A1 on the enclosed photo sketch has been cleaned.

On Oct. 6, 1992, I followed Mr. Rich Lange to a new facility located at 325 Winstanley, East St. Louis. He stated that he was moving some tires there since Midwest Rubber was not taking them at this time. He also stated that he had leased the property to operate his used tire repair service. He produced a signed lease on this facility.

Mr. Lange will be issued a written notice not to take any tires from the Sauget warehouse to this facility. He must also renotify on his tire operation.
